Culinary Delights

The highly acclaimed 42-seat Artisans Restaurant of Lake Placid Lodge serves the innovative cuisine of executive Chef Mark Hannon, using local organic farmhouse products. Breakfast, lunch, and dinner are served daily, and gourmet box lunches are available for excursions.

Maggie's is the Lodge's classic wood-paneled Lake Placid pub, well-stocked with drinks of every kind, games, puzzles and good cheer. Deep armchairs face a merry, crackling fire; pendant lamps illuminate the billiards table. Outside on the terrace, Adirondack chairs invite the study of a summer sunset or the pleasure of a warming drink next to the huge outdoor fireplace.

The Destination

Lake Placid and the Adirondacks are a paradise for outdoor activities throughout the year. With an abundance of clear, deep lakes, millions of acres of majestic wilderness and mountain streams brimming with fish offer endless ways to experience the beauty of the North Woods. The Village of Lake Placid has wonderful shopping, dining and theatre, as well as the tremendous sports infrastructure built for the 1980 Winter Olympics.

Fun Fact

Much of the furniture at the Lodge is handmade by local artisans, including a wooden table in the Baby Bootlegger room which purportedly houses a \$100 bill in a yet-to-be found compartment!

Insider Tip

Every evening, weather permitting, the Lodge hosts a boat tour on their 35-foot mahogany Hacker-Craft or the Lake Placid Lodge pontoon boat.
